

LADDER-1 : AS3320 four pole ladder VCF (CEM3320 pinout). 4-pole LP / 4-pole HP, resonance up to self oscillation.

Cutoff CV on CV1 (1 V/oct, exponential input VCFI pin 12), resonance on CV2. Audio in AUD_IN, out AUD_OUT +/-5V AC.

Drive pot RV1 saturates the ladder input (Mug-style overdrive). Discrete BCM847 four-pole alternative: see availability.md.
